

WEBINAR ON PROFESSIONAL APPLIED ARTIFICIAL INTELLIGENCE EDUCATION IN LATIN AMERICA

TUESDAY SEPTEMBER 6TH 2022
10AM (EST) - 11AM (AST) - 5PM (CET)

This webinar has three goals :

- To give a state of the art of applied Artificial Intelligence in Latin America with primary domains of interest in terms of research and innovation
- To emphasize key areas of application of AI along with cloud infrastructures for Oracle and Google with a focus on professional skills leading to jobs
- To introduce a fully European-certified online master degree on applied AI (BIHAR master program from ESTIA school of engineering in France) along with its skill based microcredentials (called GRADEO in Europe) with Google and Oracle

The Technological University of Panama, Quindio University of Colombia & T-ECO Group of Dominican Republic are hosting a connected digital campus (CDC) in partnership with ESTIA's BIHAR master degree. The CDC has a twofold role : offering national tutoring to online BIHAR students with dual degree agreement and building an innovation laboratory (DATA LAB) for proofs of concepts prototyped by BIHAR students. This DATA LAB is built around 4 initial institutes: digital agriculture, digital health, digital circular economy and EDTECH (metaverse included).

DATUM ACADEMY is planning to extend its presence in this region through the creation of DATUM LATIN AMERICA.

PROGRAM

Constanza ALVARADO

(DATUM LATIN AMERICA
Director)

Animator

Pr. Phillipe ANIORTE

(INDICATIC
Director, Panama)

**Major areas of
research of applied AI
in Panama**

Pr. Serge MIRANDA

(Founder of BIHAR
MSc ESTIA, France)

**- Higher education of the
future in applied AI : the
skill revolution
- Presentation of the
Master eBIHAR in Latin
America & its GRADEO**

**Otavio CORREIA
DE MELO NETO**

(Dean of International Affairs
at CESAR School, Brazil)

**Major areas of research
of applied AI in Brazil**

**Pr. Fáber D. Giraldo
VELÁSQUEZ**

(Professor, Quindio
University, Colombia)

**Major areas of research
of applied AI in Colombia**

Joel PEÑA

(Rector de T-eco Academy,
Dominican Republic)

**Major trends of
applied AI in
Santiago de los
Caballeros**

Eddy MARTINEZ

(Santo Domingo Cyber Park
President, Dominican Republic)

**Major trends of applied AI
in Latin America**

Eli FASKHA

(Former Chairman of the Board
of Directors of CAPATEC, Panama)

**Major areas of AI
investment in Panama**

Valérie HAYOTTE

(Global skill development,
Oracle University)

**Strategic vision for Applied
AI and Big Data from
Oracle**

Merlin YAMSSI

(Lead solutions consultant,
GOOGLE CLOUD, USA)

**Strategic vision in
Applied AI and Cloud
from Google Cloud**
